

CALL FOR TOPICS

2018 Annual Meeting and Technical Conference Southern Section Air & Waste Management Association

The **Southern Section of the Air & Waste Management Association (A&WMA)** is pleased to announce the first Call for Topics for presentation at the 2018 Annual Meeting and Technical Conference to be held at The Westin Huntsville in Huntsville, Alabama, September 26-28, 2018. The Technical Program Committee is seeking topics for presentation at the Conference, and invites you to serve as a presenter, or to solicit associates such as engineers, industrial contacts, members of academia, consultants, or equipment and service representatives to make presentations. The following is some general presentation information:

- Call for Topics ends on June 15, 2018. Prospective presenters will be notified no later than July 15, 2018 of the acceptance or denial of their proposed presentation.
- If applicable, speakers should furnish approximately 50 copies of any handout materials to be distributed in the meeting room during the presentation.
- An outline of the proposed presentation, or an abstract of 200 - 400 words, should be submitted in hard copy or via e-mail as a Microsoft Word or WordPerfect file to the address below.
- One speaker per presentation will receive free conference registration for the day of his/her presentation.

Suggested topics for presentation are listed below. Please submit additional relevant topics.

- Hazardous Waste Permitting Issues (General)
- Environmental Justice
- Application of the Alabama Risk-Based Correction Action (ARBCA) Guidance
- Innovative and/Or Successful Remedial Technologies (Case Studies)
- Global Warming Issues
- Greenhouse Gas Regulations/Control Technologies
- Impending/Forthcoming Air Modeling Challenges
- Air emission control technologies
- Innovative emissions control systems
- New source review case studies
- Accidental Release Prevention -- 112(r)
- MACT compliance case studies
- Title V permit negotiations

The 2018 A&WMA Southern Section Annual Meeting and Technical Conference will feature concurrent technical sessions on air pollution control and waste management topics. We hope to have more than 150 environmental professionals in attendance, along with approximately 30 exhibits for environmental equipment and services. With your help, we can have the best technical program available in the Southeast for all environment professionals. Please send all paper or topics to Steven Burns or Heather Jones at the addresses listed below.
